

CLAD EXTERIOR COLOR OPTIONS

Experience The Power of Color

There are no limits to the diversity of colors found in nature; the red rocks of the Southwest, the muted browns and grays of the desert, the countless greens of the landscape and sky so blue it makes your eyes water and your mood soar as it breaks into crimson and orange at sunset.

The Sierra Pacific clad color palette mimics nature with a spectrum that ranges from rich and vibrant to cool and muted. We offer more than fifty colors in five industry-leading color palettes - including our one-of-a-kind Weathered Collection.

Our clad finish is an environmentally-friendly powder coat that contains none of the Volatile Organic Compounds (VOCs) commonly found in wet paint. This EPA recommended finish eliminates the generation of hazardous waste and is extremely durable as well.

CLAD EXTERIOR COLOR OPTIONS

Experience the Power of Color

The Sierra Pacific clad color palette features more than 50 environmentally-friendly options in 5 industry-leading color collections.

And...All of our Colors are Green

The Sierra Pacific finish is a proprietary modified super polyester powder coat that offers many advantages over wet paint finishes.

Powder is an Environmentally Safe, GREEN Finishing Technology

- Powder is not flammable
- Powder is solvent free
- NO VOC's (Volatile Organic Compounds)

No Hazardous Waste is Generated During the Powder Application Process

- Eliminates hazardous waste disposal
 - Sludge
 - Filters
 - Rags
- Eliminates the additional energy usage required to operate the thermal oxidizers and scrubbers necessary to lower VOC emissions generated during the wet paint application process

EPA Recommended Finish

- Contributes to the Green Building Initiative of the U.S. Government
- Contributes toward LEED Credits
